

TO CATCH OR KILL THE ENTIRE BAND

General Bacon Makes His Plans.

UNLESS THE RED MEN SURRENDER THEY DIE.

Commander of the Troops Satisfied With His Force, and Says He Can Quell the Uprising—Lynch Men Who Furnish the Indians With Arms—Fear That Renegades Will Join the Hostiles—Make An Aggressive Campaign Soon.

Walker, Minn., Oct. 8.—[Special]—Gen. Bacon and his force moved to the agency this morning, where he will await developments. A council meeting is being held this afternoon. The Bear Island Indians refuse to attend. They say they will die before they quit fighting. The situation is full of uncertainty. That Gen. Bacon fears trouble is shown by his order closing all saloons. Threats to lynch the men who are trading guns to the Indians have been made.

At the council held yesterday, a demand was made for the surrender of the Indians who participated in the Bear Island battle. In case surrender is refused, Marshal O'Connor will go after them, backed up by the troops. No one doubts that more blood will be shed. It is likely that the Bear Islanders will be joined by other renegades, and make things lively for several months.

The Indians are strongly of the impression that they were victorious in the fighting, and had a dance in honor of the victory last night. General Bacon said this morning that he was satisfied with his present force, and is confident he can subdue the Indians. Unless they surrender soon, they will invade Bear Island and either capture or kill them.

St. Paul, Oct. 8.—[Special]—Two batteries of Minnesota artillery left for Walker this morning.

Governor Will Act. Minneapolis, Minn., Oct. 8.—[Special]—The governor issued a statement today that he was tired of official routine in connection with the sending of aid to settlers in the Indian country and hereafter will act without considering the war department. He proposes to call for volunteers and arm them himself.

Walker, Oct. 8.—[Special]—General Bacon's troops have started for the agency four miles from here. It is not believed that a landing will be opposed. If it is the troops are well prepared as they have a galling gun on the barge in position for action.

St. Paul, Minn., Oct. 8.—The situation has become more critical at the Leech Lake reservation, and Gen. Bacon's command will remain there indefinitely. So far as known the Chippewas have developed a great hatred of the whites, and the Indians are disposed to fight unless they get concessions as to the cutting of pine on the lands in that neighborhood. They insist that the whites are charging them so much for inspection that they cannot make a living cutting it.

An appeal has just reached Gov. Clough for more soldiers. He has no militia, as the Thirteenth regiment is in Manila, the Fifteenth at Camp Meade, Pa., and the Twelfth and Fourteenth regiments have just been mustered out. The state's chief has done the next best thing by ordering batteries A and B, Minnesota artillery, to go at once to Walker. These two batteries will be equipped for their trip to the Indian country with two Gatling guns, two 32-inch rifles, 75 carbines, 100 Springfield rifles and 3,000 rounds of ammunition. They will be commanded by Capt. Bennett of Minneapolis and Avery of St. Paul.

There is something of a panic in most of the small settlements near Walker, that being the center of the Leech Lake district, and the men in the lumber camps in that vicinity have quit work and are either in or on their way to Walker. The teachers in the Indian schools and others about the agency have also thought it well to change their location for the present.

INDIANS DEFIANT. Gen. Bacon and his Command Return to Walker from Bear Island. Brainerd, Minn., Oct. 8.—The return of Gen. Bacon and the survivors of his company to Walker Friday afternoon, and the report of Gen. Bacon to the authorities at Washington that the Indians had dispersed, created the impression that the Indian war was over. However, Gov. Clough at St. Paul has received disquieting reports from various points in the Indian country, and will rush to the front a large body of troops.

Gen. Bacon, who had made arrangements to return to St. Paul at once, will remain at Walker with his men. Armed men are on guard in the outskirts of Walker, and while the village is considered safe from attack, the 215 soldiers who are there will remain.

The revised list of the killed and wounded is as follows: The killed: Major Melville Wilkinson, Sargeant William Butler, Privates Edward

Lowe, John Olmstead, John Schowelstocker, and Alfred Zebell. The Wounded—Sergeant Leroy Avers shot through the shoulder; Private E. G. Antonello, shot in the leg; Private John Daly, shot in the thigh; Private Charles Francis; Private Godfrey, shot through the shoulder; Private Charles Jensen, Private Albert Schuyler; Private Charles Turner, shot through the shoulder; Private George Wycker, shot in the leg. Wounded Civilians—Edward Harris, city marshal of Walker; Joseph Oscar, pilot of steamer Jennie; T. J. Sheehan, deputy United States marshal; Tinker, Indian inspector; Henry Walters, engineer of tug Jennie.

Have Reassuring Advice. Washington, Oct. 8.—Reports received by the officials of the war and the interior departments from the Indian outbreak are of a reassuring character, and they now feel that the uprising may be regarded as over. Gen. Bacon, who has charge of affairs in the department of which he is in command, will remain at Walker for the present, and this, it is hoped, will have a quieting effect on the citizens of the surrounding country, who have felt that they were in danger from the redskins. Steps will be taken to have an investigation made with a view to fixing the responsibility among the Indians for their stand against the government.

MRS. ANNA GEORGE WILL NOT TALK

REFUSES TO DISCUSS THE CANTON MURDER.

Belief Is General, However, That She Slew Saxton Because He Had Refused to Marry Her—Crime That Cost President's Brother-In-Law His Life.

Canton, Ohio, Oct. 8.—[Special]—Mrs. Anna George, who was arrested on suspicion of having killed George Saxton, a brother of Mrs. McKinley, wife of the president, still refuses to talk of the tragedy. The belief is general here, however, that she is guilty, and that she killed Saxton because he refused to marry her.

Canton, O., Oct. 8.—[Special]—James Grant this afternoon signed an affidavit charging Mrs. George with murder in the first degree. The time for a hearing was not fixed. Mrs. George was committed to the county jail.

Washington, Oct. 8.—[Special]—The tragedy in the McKinley family will not interfere with the president's trip to the west. Mrs. McKinley, however, has given up the idea of accompanying her husband, and will remain in Canton until he returns. Physicians were called to attend Mrs. McKinley this afternoon, the strain having begun to tell on her.

Canton, Ohio, Oct. 8.—George D. Saxton, a brother of Mrs. William McKinley, was shot dead at 6:10 o'clock Friday evening in front of the residence of Mrs. Eva B. Althouse, widow of George Althouse, 319 Lincoln avenue, where he is presumed, to have gone to make a call. Five shots were fired, three of which entered his body. Mrs. Anna C. George has been placed under arrest on suspicion of the murder.

HOARD ON THE ISSUE

Says Wisconsin Will Stay in the Republican Fold And Uphold the Administration.

Chicago, Oct. 8.—Ex-Governor Hoard, of Wisconsin, and Senator William E. Mason arrived in the city last night. They were seen by a reporter for The Inter Ocean at the Grand Pacific, where they were the center of a group of friends and admirers. Speaking of the coming elections in Wisconsin, ex-Governor Hoard said:

"While I have been absent from home for six weeks, I know the feeling in my state is strongly in favor of upholding the present administration. They are also a unit on the question of retaining the tariff on lumber. The republican party is on the right side of both these questions, and while there are many local dissensions, I believe these greater issues will carry the day."

MAJ. WILKINSON KNOWN HERE

Lieutenant Whiting Says the Dead Soldier Was a Fine Man.

"I knew Major Wilkinson, who was killed by the Bear Lake Indians, very well," said Lieutenant J. B. Whiting, Jr., last night. "Major Wilkinson's regiment camped with the First Wisconsin at Camp Douglas for several years. He was a fine man, and many of the militia officers will be saddened to hear of his death."

A Sufficient Diet.

A quart of milk, three-quarters of a pound of moderately fat beef—sirloin for instance—and five ounces of wheat flour, all contain about the same amount of nutritive material; but we pay very different prices for them, and they have different values for nutriment. The milk comes nearest to being a perfect food. It contains all of the different kinds of nutritive materials that the body needs. Bread made from the wheat flour will support life. It contains all the necessary ingredients for nourishment, but not in the proportions best adapted for ordinary use.

Fair a Success.

Jefferson, Wis., Oct. 8.—[Special]—The county fair is a success. As many as 15,000 people have passed into the grounds in one forenoon.

LEE GETTING READY TO GO TO HAVANA

EXPECTS TO LEAVE ABOUT NOVEMBER 1.

He Will Have Full Charge, and the Early Evacuation By the Spanish Army Is Expected As the Dons Will Likely Embark Within the Next Two Weeks.

Washington, Oct. 8.—Gen. Lee having admitted incidentally at a session of the war commission that he expected to sail for Havana at the head of an expedition about Nov. 1 all doubt is set at rest as to the date of our initial occupation of western Cuba. This announcement bears out statements that have repeatedly been made. It will appear, also, that Gen. Lee is to be the officer who will have charge of the first Havana expedition. That is according to the understanding which the president had with him long ago, and from which there had apparently been no deviation, in spite of innumerable reports to the contrary.

The president is gratified to receive, on the eve of his departure for the west, assurances that the Spanish government is at last moving with a show of real earnestness for the embarkation of troops from Cuba. A number of transports are already on the way and others are soon to follow from Spanish ports. Within a fortnight the Spanish army of occupation in Cuba will be fairly on its way home. The last of the soldiers should be out of the island before Jan. 1. Private advices from Paris to a high official of the government are to the effect that the Spanish peace commissioners have a general understanding that the evacuation of Cuba will be concluded by Dec. 15.

WHAT OF THE THIRD?

Conflicting Reports As to Its Being Mustered Out of the Service.

Madison, Wis., Oct. 8.—Gov. Scofield last night received a dispatch from the war department denying that the regiment had been ordered home. This being the case, the governor will start for Washington in the morning to personally urge that the regiment be ordered home. Gov. Scofield has been trying for several days to get definite information from the war department regarding the future of the regiment, and the following dispatch has finally been received:

Washington, D. C.—Third regiment, Wisconsin volunteers, not yet been ordered to United States.

LOWELL GOT HIS BIKE BACK

Sheriff Acheson Finds It At the Home of a Well Known Family.

Sheriff Acheson did a little detective work yesterday which resulted in the location of a bicycle that had been stolen from the Lowell Hardware company while in their store. The wheel was traced down South Jackson street, and was found snugly stored away in a granary in the rear of a residence occupied by a well known family. The bike was recovered and arrests may follow.

The Famous Chinese Bell.

This famous Chinese bell at Peking is in many respects the finest work of art in China, a product of native skill which could not probably be duplicated by the highest ability or resources of western foundries. It weighs sixty tons, stands fourteen feet high, with a circumference of thirty-four feet and nearly one foot in thickness. Without a flaw or defect, it is completely covered in relief, both inside and out, with myriads of Chinese characters, each one an inch in size. They form prayerful extracts from Buddhist classics. It is one of the vagaries of Buddhism that its prayers of the faithful may be infinitely and acceptably repeated by mechanical helps, as, for instance, by revolving wheels. So here, when the lips of this mighty and eloquent bell are moved by fitting tongue they breathe forth in deep, sweet, prolonged and wonderful vibratory voice these prayers to Buddha, and call, as well, all devotees to worship.

Ancient Spanish Bell.

St. John's church, at Ellicottville, N. Y., has a bell that was made nearly two centuries ago in Spain, and which for over 100 years sounded matin and vesper calls at a monastery on the outskirts of Malaga. The monastery was destroyed during a civil war, and for many years the bell lay among the ruins. It was finally brought to this country by a New England skipper and purchased for the Ellicottville church in 1838. It is four feet two inches in circumference at the top and a little over seven feet at the base.

ATLANTIC CITY FIRE

Whole Town Was Doomed at One Time But the Flames Were Finally Controlled.

Atlantic City, N. J., Oct. 8.—[Special]—A great fire is now raging here, and sweeping all before it. The entire city is thought to be threatened with destruction. The city fire department could not stop the progress of the flames, and Philadelphia has been asked to send assistance. Two whole blocks have been swept clean, and the loss will be enormous. Later in the day the fire was controlled, and the afternoon's estimate places the loss at \$300,000.

His regiment has been mustered out, but he has joined the regular service and has been commissioned a lieutenant of cavalry and assigned to the Philippine islands. SAY JOHN KINNEY SUICIDED

Palmyra Coroner's Jury Find That He Took His Own Life.

Adispatch from Palmyra says "the inquest on the body of J. W. Kenney, found on the track between Palmyra and Eagle, developed that it was a case of suicide. Kenney, from notes found on his person, decided to take his life and throw himself in front of the train." The verdict in the Kinney case as announced in a telegram to D. Rynn was "suicide while temporarily insane." E. H. Ryan and the coroner visited the scene of the accident after the inquest, however, and found every indication of death by accident. On a large round stone was the mark where Kinney's foot had slipped as he jumped off the track. He is now believed to have started for Janesville on foot. The train came on around a curve, he stepped aside and slipped on the loose stone, falling diagonally across the track. "And the jury visited the ground a different verdict would have been rendered," said the justice.

The Ghost in Hamlet.

Not many years ago, at the Queen's theater, Dublin, during one of the late T. C. King's engagements, "Hamlet" was being played to a densely crowded house. The actor portraying the part of the ghost solaced himself during his long wait from the first to the third act by perusing the evening paper, using his spectacles in so doing. Being interested in some article (probably the "weights" for an important handicap), he delayed leaving the greenroom until the moment of hearing his cue, when, hastily snatching up his trunk, he rushed upon the stage, without his beard of "sable silvered" or removing his spectacles. A titter greeted his appearance, but still the solemnity of the darkened stage and the fine acting of King as Hamlet prevented any great outburst until the queen, replying to Hamlet's question, "Do you see nothing there?" answered: "Nothing at all; yet all that I see," when a voice from aloft exclaimed: "Lend me your spears, old boy," followed by another: "Hould your row; sure he's put them on to see to shave himself."—Cornhill Magazine.

UNCLE SAM SAYS WE'LL KEEP ALL

Will Retain Whole Philippine Pine Group.

WILL ASSUME THE DEBT OF ISLANDS.

But Say Spain Must Pay All That Cuba Owes—Spaniards Insist That the United States Must Pay the Whole Amount—Spanish Cabinet Council In Session To Discuss the Matter—Sick Seamen Return—Some Other War News.

Washington, Oct. 8.—[Special]—Advices from Madrid say that the Spanish cabinet council met yesterday to read the telegrams received from Spanish peace commissioners. The dispatches said that the American commissioners demanded all the Philippine islands, and will undertake to assume the debt of the islands provided that Spain pays all the debts of Cuba. The Spaniards strongly oppose this plan. They insist that the Americans shall pay all the debt of Cuba.

Sick Seamen Return.

Washington, Oct. 8.—[Special]—The war department has been notified of the arrival at New York of the hospital ship Solace. The Solace came from Porto Rico and had nineteen sick seamen aboard.

SPAIN'S REPLY PRESENTED.

Commissioners Said to Have Acceded to Our Demands.

Paris, Oct. 8.—The New York World's correspondent cables that at Friday's session of the joint peace commission, which lasted only fifty minutes, the Spanish commissioners presented Spain's reply to America's demands regarding Cuba and Porto Rico. It is declared that in tenor the reply is eminently satisfactory, Spain yielding on all essential points. No allusion was made to the Philippines in the Spanish reply, as it dealt exclusively with protocol matters and the Philippines are not mentioned in that instrument. When the reply was delivered Chairman Day requested an adjournment to allow its transmission to Washington, and the American reply will be handed to the Spanish commissioners at Tuesday's meeting. This indicates the course of procedure for the future, each chief point as it is raised being transmitted to the government concerned, and the joint commission will only meet, ordinarily, Tuesdays and Fridays.

FORECAST OF WEATHER

Chicago, Oct. 8.—[Special]—Forecast for Wisconsin: Fair tonight and cooler Sunday.

HAVE SOME MONEY LEFT, TOO

Good Templars Entertained the Grand Lodge in Good Style.

Members of the local Good Templars lodge met last evening in regular session and heard the report of the committee who had the local work of the Grand Lodge in charge. The reports showed that all expenses had been met and paid and that a small amount of money remained on hand.

Cat Assayed \$18.31.

A strange story comes from one of the mines on Cripple Creek, and it shows conclusively the great wealth there. The proprietor owns a pet cat, which climbs up and down the shaft, through drifts, cross cuts, slopes and levels, and lives down there most of the time, being fed by the miners from the contents of their dinner pails. One day a brilliant idea struck the proprietor. He took the cat into the orehouse and washed the hair as clean to the skin as it could possibly be washed. Then he panned the dirty water to the highest percentage, and the gold recovered weighed \$18.31 on an assayer's scales. It is doubtful if any mine in the Rocky mountains can assay better than \$18.31 to the cat.—Golden Days.

Fatal to Mosquitoes.

According to the Public Health Journal mosquitoes cannot abide the touch of permanganate of potash. It is instantly fatal to the insects in all their stages of development. A handful, it is averred, will kill all the mosquito embryos in a ten-acre swamp. It is recommended to scatter a few crystals of permanganate widely through marshes in which mosquitoes abound.

Divorce in Madagascar.

A husband in Madagascar may divorce his wife for the most absurdly trivial offense. All he has to do is to call his friends and relations to the door of his house, and in their presence give his wife a small coin and push her out, saying, "Madam, I thank you; go." An underdone dinner will amply justify him.

ing the age of consent 18 instead of 14,
thanking the Beloit church and Beloit
people and the railroads for courtesies
shown, to the Methodist church for the
use of the church, to the representa-
tives for their presence and help in the
meeting; also asking congress to im-
mortalize itself in behalf of the people
in abolishing the liquor traffic as it ac-

Spanish-American war.

GOWN WITH CIRCULAR FLOUNCES FROM HARPER'S BAZAR

A French model carried out in tones
of marquis brown illustrates the tend-
ency of trimming in lines. Rows of
rolled folds of the broadcloth of which
the gown is made follow the outline of
the pointed panel of the skirt and the
circular flounces, as well as of the sleeve
and jacket. The latter is odd and
pretty—a fancy bolero which fastens
diagonally across the bust with three
embroidered velvet buttons. It slopes
away from the front, disclosing above
the brown velvet belt an under-house of
brown and white polka-dotted taffeta.
The sleeve, ending with a curve over the
hand, is trimmed around the upper part
with the same silk and bordered with
folds. The crushed silk stock has a
high square wing behind. The tucks
on the skirt extend around the
back, dropping towards the train, thus
accentuating the length of the back
breadth. These ruffles encircle the
back and sides, then turn up each side
of the front to the first point of the
panel, with just fullness enough to allow

them to round the corners nicely, yet
with not much ripple. The skirt is un-
lined from the waist line to the first
ruffle, the panel and lower part having
the usual lining. The top of the back
fastens smoothly, with neither pleat nor
shirrings, under narrow straps or with
a row of small buttons and button-
holes the length of the pocket or with
a double row of buttons laced across
with tiny cord loops. The skirt is of
circular cut, the width at the bottom be-
ing a little over four yards. The proper
cut of the gown can be obtained only
by the use of the cut-paper furnished by
Harper's Bazar, where the gown ap-
pears.

The hat of pale brown felt is rolled
upward at the side, and trimmed with
two Mercury wings passing from be-
hind puffs of lighter-toned mirror velvet.
A brown velvet rosette is under the
brim next the hair.

Quantity of material for gown—6½
yards of broadcloth; 1½ yards of taffeta
for blouse.

It is a Clipping From a Chamber, Kan-

The King of Comedy is still in pos-

We have seen John Dillon many
times, each time with increased expec-
tancy and greater satisfaction, but last
night's "Road to Seltzerville" was an
eclipse of the Dillon we formerly knew.
He is ten years younger, newer,
brighter, fresher, with vigor in his
frame, clearness in his eye, and a better
interpretation and delineation of the
character.

Uncle Hiram Jolly has a spontaneous
eccentricity that is charming, delightful,
refreshing. It comes to the surface at
every time, at once amusing and sur-
prising, and the laughable predicaments
constantly bobbing up to give this ec-
centricity ample field to operate in.
The play is one prolonged joke, a mov-
ing panorama, as it were. The company
is exceptionally clever and gave good
support. The large audience was com-
pletely satisfied.

Dillon will be at the Myers Grand to-
night.

SCHOOL BOARD IN SESSION

Supt. Mayne Reports That Buildings
Won't Accommodate Pupils

A regular meeting of the Board of
Education was held last evening at the
High school building. Commissioners
Clemons, Milmore, Shearer and Valen-
tine were present. The clerk reported
\$20,766.85 on hand Oct. 1st.

Commissioner Clemons was appointed
a special committee of the finance
committee for the evening.

Commissioner Valentine, from the
finance committee reported favorably on
bills to the amount of \$1,430. The
report was adopted.

Supt. Mayne, in his regular monthly
report to the board, stated that the
eighth grades were all crowded. There
were over sixty pupils in that grade
in the Jefferson building, enough for
two fair sized departments. Some may
drop out in the course of a month or
so as they did last year. Were it not
for their being so many stairs to climb
the old High school room would be
utilized for this grade of pupils. The
High school room is also crowded, there
being over 400 pupils, while seats are
provided for 366. Some new desks
have been ordered.

MAKES A CONFESSION.

St. Louis Globe Democrat—Young Henry George, in declining the empty honor of the silverite nomination for governor of New York, says that neither the elder George nor himself was ever a believer in the 16 to 1 doctrine. Undoubtedly a large proportion of the 6,500,000 men who voted for Bryan could have made a similar confession. They, like the two Georges, wanted greenbackism, or as one of their number in Missouri said, a "dollar redeemable in nothing." Probably Bryan himself is among them. They are statist simply. They accepted silverism because it was the half way house to greenbackism. By forcing a 44c dollar on the country they felt that they could quickly send the country down to the no cent dollar. The republicans in 1868 overwhelmingly defeated greenbackism as expressed in the democratic national platform of that year, and they extirpated it when the republican gold resumption law of 1875 went into operation in 1879. The republicans destroyed the twin relic of barbarism, the silver folly, in 1896, and any vitality which may be galvanized into it this year will be knocked out of it by the republican victory a month hence.

Editor Ellis B. Usher, of the La Crosse Chronicle, takes issue with a newspaper that calls him a bolter. He insists that the gold democrats are of the chosen few, and the Bryanites are the bolters. History sustains Mr. Usher's point. The principles of the gold democrats are the only democratic principles. The principles of the Bryanites are the principles of populism.

The Madison Democrat has nailed a banner to the mast, bearing the inscription "Remember The Roster Jobbers." The advice is unnecessary, however, as that notorious case will always live in history.

Racine Journal—Wisconsin people are not at all fooled by the cries of state issues. The issue involved that people take cognizance of is that of keeping democratic hands off the state government.

Whenever a democrat quotes J. L. O'Connor, just ask him if this is the same O'Connor who told ex-Gov. Peck that the roster job was all right from a legal standpoint.

If Judge Sawyer should accomplish the impossible and carry Wisconsin free silver men all over the United States would celebrate the great victory. Yet the democrats have the

nerve to say free silver is not the issue! What stuff and nonsense!

Chicago will spend more money for scavenger work this year. This is supposed to mean that a peace commission will be appointed by the mayor to end the disgraceful fight among the Chicago newspapers.

It is not strange that our friends the democrats desire to keep a cow in the campaign. When nature designed the cow, she provided for the feeding of the calf, and the democrats are exceeding hungry.

The Brynites have the face to ask republicans to vote for Judge Sawyer when only about one half of the democratic party will swallow the democratic state platform.

The Bear Lake newspaper correspondents have escaped from the Indians, only to face the wrath of the people who dislike yellow journalism.

Spain's warships are for sale. She should have sold them before the war began and thus avoided trouble and unnecessary expense.

Chicago Salvation Army soldiers are evidently not unusually inclined. They will discard the bass drum but retain the accordion.

Ex-Governor Peck has one satisfaction. He was not beaten by the Hon. Ig Donnelly, anyway.

General Fitz-Hugh Lee had no tale of horrors to tell the army investigating commission, either.

The Chicago police recently suppressed a Polish mass meeting—closed the polls, so to speak.

There are some kinds of Bacon that even an Indian cannot eat, it appears.

And John Dillon, also, is making his one hundredth annual farewell tour.

SOME GROWLS.

Behold the Reflections of a Very Worthy Boniface.

Hotel men are not expected to be intellectual. We have no occasion for brains in our business. All we have to do is to open a hotel, and the guests tell us how to conduct it.

"Tall many a flower is born to blush unseen and waste its sweetness on the desert air," says the poet. That's all right as far as flowers are concerned, but it's no good to hotel keepers. You can't blush unseen and pay a high rent and meet your taxes with a smile. People don't go nosing around trying to discover you. In these days of fierce competition, you have to shove the name and quality of your hotel right under their noses.

You must have something about your hotel better or different from others. Make it the finest or the cheapest or the bandiest, or the cleanest or let it combine all these conditions, and then let the world know it and it will be talked of throughout the empire. If we can't have the best hotel, let's have the best hotel we can. There are lots of old fashioned folk still left in the world.

Should you inadvertently chance upon a guest in the act of absorbing some trifling article of bric-a-brac, or an eight day clock, or a towel, or even a pair of sheets, with true delicacy turn your back and affect not to see him lest he be embarrassed.

Bear in mind that many tourists, especially those from foreign lands, take an innocent delight in collecting little souvenirs to serve as pleasant reminders of their visit to hotels. It is a source of gratification to me when I reflect upon the hundreds of happy homes which I have helped to beautify. There are travelers who have about as much regard for the rights of a landlord as a tomat, and anything in a hotel which is not secured to the floor is usually considered in the light of legitimate prey. And, knowing this little eccentricity, we must humor it.

There is no class of men in the community who are so imposed upon and have so much abuse heaped upon them, and yet so fat, as the hotel man. The law looks upon the hotel man as a cross between a licensed pirate and a fire insurance company.

A hotel is like a "jack pot" in the exciting game of poker. It is comparatively easy to open, but it is often rather costly to linger.—Ally Sloper.

Would Please Her.

The Lover (passionately)—What can I do, where can I go, that I may please you?

The Loved (also with passion)—Oh, go anywhere—only do go soon!—Judy.

SAW NO HORRORS WHILE IN CUBA

E. J. KUSTER TELLS HIS EXPERIENCES.

Cubans Were Not Suffering For Food—Army Was Well Fed At Santiago Camp Wikoff Was All Right, and Men Received Every Care, He Says.

Edwin J. Kuster, of this city, who is the guest of his parents, Mr. and Mrs. S. Kuster, 259 Locust street, is wondering if he will be ordered back to Cuba as the result of the present hitch in the proceedings with Spain.

After leaving Janesville a year ago last month, Mr. Kuster joined the Sixteenth Infantry at St. Louis.

On the morning of June 29, his company was ordered aboard the transport at Tampa, and that same day they sailed for Cuba.

Ten days and eleven nights on the ocean brought them in sight of Cuban land in front of the town of Siboney. That same day they made a landing, and were only too glad to fight Spaniards in preference to staying aboard that transport which was nothing more than a cattle freighter.

The food consisted of canned beef, tomatoes, and beans and plenty of hard tack.

Soon after landing the Sixteenth was marched a mile into the interior and there they camped till the next day in a banana grove.

Mr. Kuster says that he looked high and low for bananas but he found none. The next day they were marched to the shore and then assisted in unloading.

There they remained for one month doing guard duty, most of the time being kept busy keeping the Spaniards within the city as well as keeping the Cubans and Americans out.

Their camp was as comfortable as one could expect and at no time did the soldiers suffer for food.

Saw No Starvation

"No starving soldiers or Cubans were to be seen notwithstanding the newspaper reports," said Mr. Kuster yesterday. "Towards the last we had plenty of fresh bread which I believe was baked in Santiago and brought out to us. For firewood we burned mahogany and rosewood most of the time for all about us these much prized woods were to be found in abundance. Tobacco was scarce and one who had this about his clothes could trade it to the American soldiers for food of all kinds. The first week in August we received orders to make ready to embark for the United States.

We took passage in the harbor of Santiago and in order to do so were obliged to march through a certain portion of the residence section of the town. Most of the houses were substantially built and at all the windows iron bars were substituted for glass. The poorer class of people lived in hut shaped houses set on piles about four feet from the ground. The people were nearly all Spaniards and were all dressed and friendly.

"On August 10 we sailed out of the harbor for home. It was then that I obtained my first glimpse of the sunken Merimac that Hobson and his brave men sent down. All that could be seen was the tops of the masts and the smoke stack. We easily passed it with plenty of room to spare. Wrecked Spanish vessels were also plainly visible and the awful work of the American guns was to be seen on all sides.

"The transport that carried us home was first class and on August 17 we landed at Camp Wikoff. The accommodations we found to be first class and the sick men cared for as well as anyone could expect."

Mr. Kuster, while in Janesville, has been on the sick list as the result of the malaria contracted in Cuba. His furlough expires a week from tomorrow.

Tennyson's Three Queens

On one occasion Tennyson was asked by the present bishop of Ripon whether the three queens who accompanied King Arthur on his last voyage represented Faith, Hope and Charity. The poet's reply gives an indication of his idea of the spirit in which poetry should be read. "They mean that and they do not. They are three of the noblest of women. They are also three graces, but they are much more. I hate to be tied down to say 'This means that' because the thought within the image is much more than any one interpretation."

COL. SCHADEL TALKS ABOUT SOLDIERS

KNOWS NOTHING OF DEPARTMENT'S PLANS.

Has Had No Order Concerning the Mustering Out of the Troops—Regiment's Furlough Will Expire On Monday—Captain Hanson Not a Candidate.

Colonel S. E. Schadel, of the First Wisconsin regiment, was in the city this morning on his way from Milwaukee to his home in Monroe. While speaking of the mustering out of the First regiment, Colonel Schadel said that as yet no orders had been issued and that as far as he was able to learn none of the Wisconsin officers knew anything definite in regard to the matter. He further stated that he thought the mustering out papers should be ready by next Wednesday in case the mustering out officers receive word to go ahead with the work.

The furlough issued to members of Co. A, expires on Monday and as yet Captain Hanson has received no word as to its extension, or just what move the government intends to make. There is also some doubt as to whether or not the home company will be reorganized. Hanson will decline.

Captain Hanson favors the reorganization of Co. A, and will do all in his power to bring such a move about, but personally he does not wish to be considered for re-election as captain. Many reasons are advanced by Captain Hanson for the stand he has taken in the matter.

Much hard work is connected with such an office for which a man gets no credit or pay. To run the local company takes about \$800 a year, and of this amount the state only contributes \$300 a year, for armory rent. The remaining \$500 the company has to make good as best it can, and to accomplish this is no easy task.

Captain Hanson, since taking command of the company has filled the office with credit, and that he is no longer a candidate will indeed be a surprise to his many local friends.

REID & CO'S. MODEL STORE

Extensive Improvements Are Appreciated By Southern Wisconsin Trade

No more attractive store front will be found in any city of Janesville's class than that of Archie Reid & Co. since the store has been remodelled. And with beauty has come convenience and facility. In the first place the two main entrances have been put into one thus giving ease of access and providing much more light and larger and better display windows.

The changes made in the front of the store are more than matched in the rear. Here an addition is found, 50 by 40 feet, lighted from the rear and from above making an elaborate show room. One side of this is devoted to coats and the extensive line of up-to-date fall and winter garments are effectively set forth. Archie Reid & Co. have long been recognized as headquarters on clothes and the facilities for handling the trade this year are better than ever. A feature of the cloak room is the heavy six by seven foot mirror, the largest and finest mirror in the city. A new feature of the store will be a certain department, in which will be displayed a beautiful collection of lace curtains and portiers. More room is given to all the departments and a much lighter and brighter store has been the result of the recent improvements. A commodious and well equipped ladies' toilet room is among the improvements that will be especially appreciated by the patrons of the store.

CONSIGNED TO MOTHER EARTH

Fred P. King.

After many months of patient suffering with consumption, Fred P. King died this morning at 2 o'clock at the home of his aunt, Miss Angie King, No. 1 Sinclair street.

Through all his suffering he bore his pain without a murmur. He realized that the end had come, and whispered in his brother's ear saying that he was dying, but not to tell his mother. No soldier on the battlefield ever died a braver death.

Fred P. King was everybody's friend, and no one possessed a sunnier disposition. Born in Janesville twenty-six years ago, he had spent the greater portion of his life here. Two years ago he was taken ill with lung trouble, and went to Phoenix, Arizona, where it was thought that the change in climate would benefit him. He improved but little, and a few weeks ago returned to this city. He was able to be about until a few days ago when he was obliged to take to his bed.

He enjoyed a large acquaintance, and had the respect of all. His death will be mourned by a large circle of friends.

Besides his parents, Mr. and Mrs. R. W. King, he leaves two brothers, John D. and Frank King, all of this city.

The funeral, conducted by the Rev. E. H. Pence, will be held Monday afternoon at 2 o'clock from the Sinclair street home, the burial to be in Oak Hill cemetery.

DRUNKS SENT DOWN FOR LONG TERMS

JUDGE FIFIELD SITS DOWN ON THEM.

From Now On the Habitual User of the Rosy, Red Row Raiser Must Travel Over An Exceeding Rocky Road—"Tin Cans" For The Soaks.

John Mosher—60 days.
Lewis O'Rourke—10 days.
William Kelly—10 days.
James Murray—7 days.
John Dougherty—4 days.
Patrick Mulcairns—4 days.
Michael Griffin—3 days.
Peter Farrell—2 days.
William Farrell—2 days.

There's "a new deal" in the matter of drunks in this town, and the above names were added to the register at "J. Acheson's joint" this morning.

"Any guy dat gets 'is jig in dis town, gets de hooks an' a tin can tied to 'im," feelingly remarked a Whitelighter as Chief Hogan led him off to jail this morning.

And, barring the language, perhaps, the Whitelighter spoke wisely.

The nine local drunks who lined up before the bar of justice in the municipal court were given a genuine surprise party. Judge Fifield, instead of giving them one day sentence started the ball rolling by sending John Mosher down for sixty days.

Louis O'Rourke and William Kelly were next in order and got ten days each.

John Dougherty and Patrick Mulcairns were let off with four days each. James Murray seemed pleased at only getting seven days.

Michael Griffin, who said he only drank when invited, was given three days.

Peter Farrell and William Farrell, after thinking the matter over, pleaded guilty and were given two days each.

Judge Fifield gave each of the prisoners a severe lecture and from now on the road drunk will have to travel in brought into court will be a long and dreary route. Hence, the police think, Janesville drunks will be few and far between in the future.

MCKINLEY'S FORMAL DEMAND.

Spain Must Yield Everything in the Philippines.

HER COMMISSIONERS OBJECT.

Are Disposed to Insist That the United States Should Assume the Cuban Debt.—New York World Correspondent Cables News of Our Success.

Madrid, Oct. 8.—The ministers were especially summoned Friday to hear read the telegrams from Senor Montero Rios, president of the Spanish peace commission, stating that the Americans demanded all the Philippines, but would undertake to assume the debt of the islands, provided that Spain pays the Cuban debt. The Spanish commissioners strongly object to this, and insist that the United States should assume the Cuban debt and allow Spain to take the war material in Cuba and Porto Rico. The government fully expected that the Americans would accept the Cuban debt.

The complete evacuation of Porto Rico is expected to take place by Oct. 15. The people are hopeless of the result of the peace commission's efforts.

TO GO TO CUBA.

Illinois Regiments Chosen—Col. Bryan's Command in the List.

Washington, Oct. 8.—The war department has completed its plans for the departure of the second expedition of troops to garrison Cuba. The first division is already under orders and should be started within a very few days from the southern ports near their camping grounds. The first division starts under command of Brig. Gen. L. H. Carpenter, United States volunteers, who commands the cavalry brigade composed of the Seventh and Eighth United States cavalry. It is the intention of the war department that Maj. Gen. Wade, now president of the military evacuation commission, shall command the entire force of United States troops assigned to duty in Cuba.

The second division will comprise all the troops now under the command of Maj. Gen. F. Hugh Lee. These troops are stationed at Jacksonville, and the force comprises the following regiments, all volunteer troops: The Second, Fourth and Ninth Illinois infantry, One hundred and Sixty-First Indiana infantry, Second Louisiana infantry, Sixth Missouri infantry, Third Nebraska infantry (Bryan's regiment), First North Carolina infantry, Second North Carolina infantry, First Texas infantry, Fourth Virginia infantry and the Second volunteer cavalry.

The general orders which will be issued to this division are to begin the movement the last of this month or as soon thereafter as practicable.

Brings Advice to McKinley.

Jacksonville, Fla., Oct. 8.—George Reno, hearing important messages from the Cuban provincial government, reached Jacksonville Friday direct from the seat of the Cuban organization. He left for Washington charged with important information for President McKinley. Mr. Reno said that the Cubans had implicit confidence in the honest intentions of this government and that it was entirely unnecessary to send more than 5,000 men there to maintain order in the island, and a large army would awaken suspicion, while now every Cuban is anxious to show his trust in this country and return as speedily as possible to the peaceful pursuits necessary to rehabilitate the island.

Spaniards Demand Reform.

Madrid, Oct. 8.—A large meeting of business men was held here Friday. After a number of violent speeches had been made regarding the government's conduct of affairs, the meeting adopted a series of resolutions aiming at the improvement of the economic situation, including the withdrawal of permission to the Bank of Spain to increase its note issue by 2,500,000 pesetas and the payment of interest to foreign holders in pesetas and not in francs. The meeting demanded large reductions in the public expenditure, including the pensions, the closing of the military schools for the next ten years, the reduction of the officers' pay, and a vote in aid of the sufferers from the war.

Admiral Sampson Is Very Ill.

New York, Oct. 8.—The Herald's Washington correspondent telegraphs the following: "I am informed that Admiral Sampson is extremely ill in Havana. He has been constantly failing and is unable to do any work. His trouble is a general giving way of his constitution, under the strain of the last year, coupled with a chronic stomach complaint."

Watson in a Railroad Wreck.

Sacramento, Cal., Oct. 8.—Commodore Watson, who was a passenger on the west-bound overland, arriving here Friday evening, was slightly injured in an accident at Colfax. A loosened rail caused two coaches to jump the track and turn over on the side. The commodore was thrown against the window sill and cut about the head. His injury is not serious.

Eighth Illinois Man Dead.

Washington, Oct. 8.—In Gen. Lawton's report Friday he announces the death of Samuel Nickerson, a musician of the Eighth Illinois, the cause being dysentery. The total number of sick troops at Santiago is 1,093, of which 679 have fever.

Havana Camp Is Selected.

Havana, Oct. 8.—The site selected for the camp of the American troops of occupation is situated east of Morro

Castle, between Cabanas and Cojimar, on a bluff overlooking the sea. The spot is exceedingly cool and healthy.

Spain Says It Is Impossible.

Madrid, Oct. 8.—The government has telegraphed to Havana that it will be impossible to repatriate the Spanish soldiers in Cuba within a month and a half, as the Americans demanded.

Work of Cuban Wreckers.

Iowa City, Iowa, Oct. 8.—Train wreckers sought to wreck the Chicago, Rock Island and Pacific mail and express, running between Omaha and Chicago, near Iowa City late Thursday night. As a consequence, a freight train, running on the time of the delayed express, was derailed and thrown over an embankment sixteen feet high. Fireman Frank Starkey was instantly killed. His body was exhumed later. Engineer Al Hibbard and brakeman William Feeley and P. L. Cass were severely cut and bruised.

McKinley to Visit Springfield.

Springfield, Ill., Oct. 8.—President McKinley has changed the itinerary of his western trip, and will visit Springfield. Senator Cullom received a telegram from the president that he would arrive in Springfield at 2:30 Oct. 15, and would remain two hours. The president will make a speech during his stay here, probably at the national Lincoln monument.

Merchant Charged with Murder.

Lawrence, Kan., Oct. 8.—J. J. Kunkle, a wealthy merchant tailor, was arrested here charged with having murdered his wife by poisoning. Mrs. Kunkle died ten days ago. About four weeks previous to the woman's death Birdie Cominyore, her 14-year-old daughter by a former husband, died after a lingering illness which baffled the skill of the family physician.

Riots Feared in Paris.

Paris, Oct. 8.—The strike of the laborers here has extended to nearly all the building trades, and it is feared the railroad men will join in the movement. About 60,000 men have gone out on strike and the situation is causing consternation. The Temps declares the leaders of the men are aiming at a general strike, if not a revolution.

SPANISH MUST GO.

Peremptory Orders for Them to Evacuate Porto Rico and Cuba.

Washington, Oct. 8.—President McKinley has instructed the American military commissioners in Porto Rico that the Spaniards must evacuate the island by Oct. 18, and that if they have not done so by that time the commissioners are to take possession in the name of the United States. The commissioners will probably communicate the president's order to the Spanish commissioners as a warning and prepare to enforce it. It is probable that the same policy will be pursued in Cuba.

Spain Is Still Stubborn.

Paris, Oct. 8.—Friday's issue of La Gaulois dwells upon the rumors that Judge Day has cabled to Washington, saying that the negotiations for a treaty of peace are on the verge of stopping, owing to Spain's refusal to accept the United States' attitude regarding the Philippines. The Gaulois denies the report that Judge Day has been authorized to suspend negotiations if the Spaniards do not conform to the American view. The Gaulois declares that, while the Spaniards at the outset were obdurate, they are now disposed to modify their intentions, owing to the firmness of the attitude of the United States.

All Praise Army Management.

Washington, Oct. 8.—Three witnesses were before the war investigating commission Friday—Gen. Greene, who participated in the battle of Manila; Col. Lee, chief quartermaster at Camp Thomas, and Maj. Hersey, who was for a time in command of the Roosevelt rough riders. Each admitted

ted the possibility of individual cases of suffering and discomfort, but all said that the vast majority of complaints were exaggerated, if not without foundation. They agreed in saying that no army was ever so abundantly and luxuriously supplied as was the American army in the Spanish war.

Sultan Will Obey the Note.

Canoe, Island of Crete, Oct. 8.—Ismael Bey, civil governor of the Mussulman notables that the sultan would withdraw the Turkish troops from Crete in accordance with the demands of Great Britain, Russia, France and Italy.

Delagoa Bay Matter Deferred.

London, Oct. 8.—A dispatch to the Pall Mall Gazette from Lisbon, Portugal, says the Delagoa bay negotiations have been deferred until 1899, owing to the United States insisting upon Portugal's strict observance of the agreement that neither the railroad, the harbor, nor public lands of Lorenzo Marques be alienated until the Berne award is completed.

Endeavorers Elect Officers.

Peoria, Ill., Oct. 8.—About 500 delegates were in attendance at the first day's session of the State Christian Endeavor convention Friday. The officers elected are: President, A. E. Turner of Lincoln; vice-president, Judge W. S. Dewey of Cairo; statistical secretary, Emeline Waterman of Sycamore; treasurer, John Rinewold of Mount Pulaski.

Sagasta Fears for Britain.

Madrid, Oct. 8.—Senor Sagasta, in an interview on the situation in China, expressed his belief that Russia was working for the formation of a new triple alliance, comprising Russia, France, and Germany, which would leave Japan as Great Britain's only ally.

Army Corps Reorganized.

Washington, Oct. 8.—A general order has been issued organizing new army corps and designating various points where the troops shall be stationed. The Third, Fifth and Sixth corps are discontinued; the First, Second and Fourth corps reorganized. They are to be commanded respectively by Major Generals Breckinridge, Graham and Wheeler. The headquarters of each corps will be: First corps, Macon, Ga.; Second corps, Augusta, Ga.; Fourth corps, Huntsville, Ala.

Dorellet Raft Towed In.

San Francisco, Cal., Oct. 7.—The lumber raft which has been floating around the Pacific for two weeks has been towed into this port by tugboats. The original raft was built at Astoria, Ore., and was taken in tow for this city, but had to be abandoned during a storm. It broke up, but the greater portion of it fouled off Pigeon Point, and it was this piece that was saved by the tugs. It is 350 feet long and worth \$75,000.

Troops Are Ready at Elgin.

Elgin, Ill., Oct. 8.—Adj.-Gen. Reece has telegraphed Col. Hamilton asking how soon four more companies can be sent to Panama in case they are needed. Capt. Hamilton replied that a call had been anticipated and that the companies could be started in two hours. The impression here is that the entire Sons of Veterans regiment is likely to be ordered out.

Third Illinois Coming Home.

Washington, Oct. 8.—President McKinley and the secretary of war have agreed, in response to Gov. Tanner's request, to allow the Third Illinois regiment to come home from Porto Rico on a sixty-days' furlough. The Second, Fourth and Ninth Illinois regiments, now at Jacksonville, are to go to Cuba with Gen. Lee's corps.

Ex-Mayor A. Oakley Hall Dead.

New York, Oct. 8.—Ex-Mayor Oakley Hall of New York died suddenly at his home last evening in the 73d year of his age. Mr. Hall was mayor from 1868 to 1872, the closing years of the Tweed regime.

Clean Blood and Strong Nerves.

Dr. Greene's Nervura Makes Both.

The majority of persons find it hard to realize that the body should be kept clean inside as well as outside. Cleanliness of the tissues within the body is as necessary to health and comfort as cleanliness of the skin. It is necessary to dissolve the waste material which otherwise would collect in the body and remove it in the various excretions. These waste materials often are actual poisons, and their retention is the cause of many headaches, many rheumatic pains, many sleepless nights and many attacks of the "blues."

Are you pale and sallow? Are your muscles weak and flabby? Do you feel tired and exhausted? Is your appetite poor? Are you depressed and discouraged? Do you lack energy and ambition? Do you have insomnia? Are you troubled with neuralgia or rheumatic pains? These conditions arise from a disordered state of the nerves and blood.

What is needed is Dr. Greene's Nervura blood and nerve remedy to build up the wasted, weakened, diseased nerves, and to give a supply of purer and richer blood.

Dr. Greene's Nervura transforms the body from a weak, ailing, disordered condition into a strong and vigorous one. It is the prescription of the great specialist in chronic diseases, Dr. Greene, of 143 State Street, Chicago, Ill., who can be consulted personally or by letter.
